NBAA DEVELOPMENT REPORT – JUNIOR DEVELOPMENT

Two junior development events were calendared at the NBAA's 2020 AGM, and agreed to by the Scouts of Namibia, despite very full calendars already in place for both associations, which speaks to the importance of this initiative for both associations.

The aim of the events was to host a tournament format fishing event for the juniors, whereby NBAA members would avail their time, their skills, their boats and tackle required for juniors to catch a bass. Unfortunately the second event has to be cancelled due to the Covid wave experienced during June / July 2021.
